SAVE THE ACA

TRUMPCARE IS WEALTHCARE, NOT HEALTHCARE

YOUR EFFORTS ARE WORKING! Keep up the pressure to protect our Healthcare!

Yes we are requesting the same action this week – keep the pressure on. Our actions are making an important difference in preventing the GOP from ramming through their horrendous health care bill, hoping that the public would not notice what they were doing. GOP senators were comparing notes on how many calls their offices received, including calls from out of state. Moderate republican senators were able to use these numbers to justify their reluctance in voting for the bill. Your calls mattered - keep them coming!

This week we need even more of the same and lots of it. We want to continue to reach out to moderate republicans with this simple message.

ACTION: My name is ______ and I am calling from Olympia, WA to thank Senator ______ for listening to the American people to protect Medicaid and our most vulnerable people.

1. I am calling today to ask that Senator ______ absolutely say NO to the risky idea of repealing the ACA now and trying to replace it later. This would put millions of lives needlessly in danger.

2. I am also calling to urge Senator ______ to consider working in a bipartisan way to improve our current healthcare law. We need thoughtful leaders to build something lasting, not a hurried patchwork bill rammed through just to save taxes for the wealthy.

Most Crucial Senators to Call:

- Senator Bill Cassidy (202) 224-5824 (DC office) or (337) 261-1400 (Field Office)
- Senator Susan Collins (202-224-2523 or (207) 780-3575
- Senator Mike Lee (202) 224-5444 or (801) 524-5933
- Senator Lisa Murkowski (202)-224-6665 or (907) 271-3735
- Senator Rob Portman (202) 224-3353 or (614) 469-6774
- Senator Ron Johnson (202) 224-5323 or (414) 276-7282
- Senator Shelley Capito (202) 224-6472 or (304) 292-2310

Thank Senator Maria Cantwell for holding town hall meetings on health care, net neutrality, and the investigation into Russian interference in our elections. The people kept asking and she responded. Patty Murray next!

**Oppose logging public land without considering environmental impact.**

**ACTION:** Call: Denny Heck. ([lookup](#) or [leave message](#)).

*Script:* Hi, I’m from Olympia Indivisible calling to express deep concern for H.B. 2936. This bill attempts to expedite logging up to 30,000 acres—an area the size of Disney World—without considering environmental impacts. I’m concerned it empowers timber companies at the expense of public input, judicial review of projects, and Endangered Species Act protections. I oppose this unethical bill and want Rep. Heck to do the same. Thank you.
